Experience

UX Developer - Feb 2017 - Present

Navy Federal Credit Union - Vienna, VA

- Performed between 5-20 site maintenance tasks and improvements a day
- Update legacy code by bringing them up to ADA (WCAG 2.0) standards
- Convert HTML code into reusable PHP component
- Converted multiple PHP pages into Adobe Experience Manage (AEM) pages a week
- Started AEM development and site maintenance and updates
- Began building our customer facing style guide from the ground up
- Took over as PO for style guide and revamped our design and development process to eliminate any unnecessary back and forth between designers and developers
- Working to shift our left-over code base from SVN to Github and move our old code to new servers
- Work with other devs to learn how to complete backend and app management ticket during our sprint
- Actively training designers with new technology including Github and a new replication process using the command line
- Study and present about new technologies that my team could use for automation and security among others during a quarterly presentation

Software Developer/Consultant - Mar - July 2017

Capgemini - Chicago, IL

- Used the Gosu programming language to build custom software in Guidewire
- Integrated client's old systems and information into Guidewire
- Trained in consulting techniques including interviewing and creating proposals

Teaching Assistant - Jan - March 2017

General Assembly - Washington D.C.

- Selected from my class to be a teaching assistant for part time students
- Worked with front-end web development students to help teach and answer any questions about front-end technologies being taught in class

Substitute Teacher - Mar 2014 - Mar 2018

Montgomery County Public Schools

- Lead classrooms of 25-30 students, teach a wide variety of subjects including math and science
- Work directly with students to help with their schoolwork and homework

Other Experience

Officeish, Consultant

Washington D.C, Sept 2017 (Contract)

Fourth Presbyterian Church, Consultant

Potomac, MD, Dec 2016 - Dec 2017
